ANALOGUE KITCHEN TIMER 38.1041

SKU: 38.1041

Analogue kitchen timer 38.1041

- Mechanical winding mechanism, no battery required
- Continuously adjustable up to 60 min.
- Audio bell alarm after the time has elapsed
- Easy to read numbers
- Classic design

When the cooking comes to down to minutes, this classic timer does a good job. With its functional design, this timer not only ensures a perfect breakfast egg, but it also reminds you of the cake in the oven or the cooking pasta in the pot.

You can set continuously up to 60 minutes with the mechanical winding mechanism. You will be reliably reminded at the right time by a signal tone. Please note that the mechanical timer must first be fully wound up before it works.
